### C. SUMMARY SCOPE OF WORK

Work includes, but is not limited to, the performance of Lawn and Weed control, pick-up of all litter/debris; trimming/weed eating around all structures/fencing and anywhere needed on the sites; mowing; sidewalk and curb edging in some locations, clearing any grass debris from walkways and streets, and provision of an aesthetically pleasing finished appearance. Spraying of weeds within some of the same sites. Bidders are to bid a spraying price per site per year. The spraying contract duties do not in any way alleviate the need for trimming. CONTRACTOR shall regularly inspect all locations for grass growth and shall schedule mowing at proper intervals. CONTRACTOR shall provide uniform grass cutting and shall not leave uneven or scalped areas, clumps of grass or other objectionable finished appearances. It should be assumed that all sites should be mowed once per week during the mowing season unless weather conditions prevent such actions. If extreme dry weather occurs, then mowing may be less and should be on an as needed basis. Some sites are mostly graveled or asphalted, but still require trimming on an as needed basis.

The proper mowing equipment and adequate manpower to maintain all locations for the entire 2022 season is mandatory. A list of your equipment (year, make, model, & size) and number of personnel employed with your Bid. Must supply a valid applicators license and list of the chemicals to be sprayed and any pertinent health hazard data regarding said chemicals. A schedule of spray dates and how many will be required to keep each location free of unwanted weeds and grass. The intention is to have little to no weeds during the mowing season beginning approximately April 1 and ending November 1. Sites will be periodically inspected to ensure quality work is completed.

### **C. EVALUATION AND SELECTION PROCESS**

The proposal evaluation and selection process will be conducted under this Request for Proposal (RFP) based on competitive negotiated procurement procedures. Interviews, discussions, negotiations and a Best and Final Offer (BAFO) may be held only with selected firms from those firms who meet the Hannibal Board of Public Works requirements and fall within the competitive range as determined by the Hannibal Board of Public Works. The Hannibal Board of Public Works reserves the right to limit negotiations to those proposals which received the highest rankings during the initial evaluation phase. However, the Hannibal Board of Public Works reserves the right to award a contract to a firm solely based on this initial proposal submitted and without any further interview, discussions, and negotiation.

If the Hannibal Board of Public Works determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Hannibal Board of Public Works may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

Each Proposer must comply with the requirements contained in the RFP. Deviation from the requirements will be evaluated, but may, in the discretion of the Hannibal Board of Public Works, result in rejection of a proposal.

The Hannibal Board of Public Works will evaluate each proposal to determine which is the lowest and best (i.e., Best Value). The Board of Public Works reserves the right to waive informalities and to accept or reject any or all proposals submitted.

If the Hannibal Board of Public Works determines that a proposal has failed to meet an acceptable level on any factor listed below, the Board of Public Works may reject that proposal.

#### EVALUATION CRITERIA

In evaluating the proposals, the Hannibal Board of Public Works will use the following evaluation factors to determine the lowest and best proposal. - 70% Total Cost
- 30% Adherence to RFP requirements, including responses to Section C of the Bid Form, titled Questions/Requests for Submittals

If the Hannibal Board of Public Works determines that a proposal has failed to meet an acceptable level on any factor listed above, then the Hannibal Board of Public Works may reject that proposal.

In determining which proposal best meets Board of Public Works' requirements, the Hannibal Board of Public Works may consider additional factors it deems relevant whether such factors have been specified in this Request for Proposal. Other criteria include, but is not limited to, implementation process and time, past performance, expertise, and established capabilities or references.

Bidders should consider these factors when preparing their proposals and should provide a specific response to each of the evaluation factors.

Based on the evaluation process described, the Hannibal Board of Public works administration will review the proposals.

**The Hannibal Board of Public Works shall be added as an Additional Insured on (B), (C), & (D) Insurance, and have separate additional endorsement.**

Contractor shall require any and all subcontractors with whom he enters into a contract to perform Work on this Project, to protect, through insurance, against applicable hazards or risks and shall, upon request of the Hannibal Board of Public Works, provide evidence of such insurance. Contractor shall be liable for all deductible amounts from such insurance and shall indemnify and hold the Hannibal Board of Public Works harmless therefrom. These Insurance Requirements are intended to be minimum coverages, and the Board of Public Works does not warrant that coverages or amounts will be sufficient protection for contractors or Board of Public Works. Contractors will be responsible for any deficiencies thereof.

**NOTE:**

Acord certificate changes regarding cancellation notifications do not lessen the responsibility of vendors to comply with obligations set forth in these insurance requirements. Specifically, the requirement "All insurance policies shall provide thirty (30) days written notice to be given by the insurance company in question prior to material reduction in coverage or protection of Hannibal Board of Public Works or cancellation of such insurance." must be met wherever permitted by law.

Since the requirement cannot be met using the Acord certificate, the requirement can be met by specifically endorsing the Hannibal Board of Public Works onto each policy to receive notifications.
